Newest Garden Promoter Planning to Spend Million and a Half Improving New York's Sport Centre.

Convight, 1917, by The Press Publishing Co.
(The New York Pressing World),
RANT HUGH BROWNE, the
new millionaire fight promoter, packed up his grip rather hurriedly last night and took a train for Montreal. He will be back Thursday. Meanwhile the Madison Square Garden proposition and the fight situation, as far as Les Darcy is concerned, are somewhat up in the air. Browne says he has completed arrangements for taking over the big Garden, which he plans to transform into a combination sport centre and club hotel for aportsmen. Two million four hundred thousand dollars has already been expended, he says, in the transfer of the property to the company he represents, and another million and a half will be necessary before the contemplated improvements are finished. Montreal. He will be back Thursday.

Inished.

These entail the tearing away of the Madison Avenue frontage of the Garden, including the space occupied by the old Garden Theatre and 100 feet on both the Twenty-sixth and Twenty-seventh Street sides of the building. On this plot a twelve or fourteen story building is to be crected, to be operated on the club hotel plan. The interior of the Garden is likely to be changed a lot, too, into a ptilike inclosure, with removable circus seats running from the space occupied by a boxing arena up and cupled by a boxing arena up and around the old walls. Plans have al-peady been drawn calling for such clanges.

articles of agreement with Tim articles of agreement with 'him' O'Sullivan, Les Darcy's manager, to be considered between now and Thursday. These call for a fight with Al McCoy, George Chip or Hattling Levinsky. Darcy is to be amply paid for his services, and in addition is to share in the moving pictures to be taken. The only bad feature of the articles.

The only had feature of the articles, as far as they concern Darcy, is that the bout may not be staged until March 5, although they contain a provise which says "or Feb. 12."

Between now and March 5 Darcy might pick up a wad of money in Cleveland and Milwaukee, from which cities he has offers to meet Battling Levinsky and George Chip respectively. O'Sullivan is inclined to favor the plan of accepting these bouts. They would give Darcy two battles under his belt and make him fit as a fiddle for subsequent New York engagements.
